

Simplified Solutions for Digital Innovation

Util-Assist is a recognized innovator in technology and data-driven solutions for utilities. Our solutions merge technology with strategy to streamline processes, boost productivity, enable data-driven business decisions, and deliver enhanced customer experiences, transforming how utilities operate and deliver value to their customers.

Driving digital innovation with professional and managed services for electric, water, and gas, Util-Assist is shaping the utility of the future.

Professional Services

AMI Procurement Services

Util-Assist navigates the complexities of an AMI procurement with expert support for every phase of the lifecycle, from business case through contract negotiations.

Data Analytics

Util-Assist guides utilities through the entire analytics maturity journey, from building a strong foundation in data governance to implementing enterprise-wide analytics for data-driven business decisions.

AMI Consulting

At the forefront of AMI since 2005, Util-Assist deploys and integrates AMI solutions to unlock the full value of technology investments.

Testing Services

With a comprehensive library of AMI test scripts, Util-Assist's center of excellence supports seamless transitions to upgraded technology.

Managed Services

PowerAssist

Designed specifically for utilities, our 24/7 outage contact center delivers fast, personalized assistance across multiple channels for customer choice.

SecureAssist

Util-Assist's AI-enabled surveillance services protect against substation theft and vandalism, extend the life of valuable assets, and reduce safety risks around-the-clock.

CustomerAssist

CustomerAssist eliminates the hassle of back-end billing, call center, and IT hosting, letting you focus on what you do best: serving the customer.

SyncAssist

Util-Assist ensures accurate and optimal AMI data synchronization across utility systems, ensuring uninterrupted meter-to-cash operations.
